Trading in the Client Area

To start trading with InstaForex, you need to log in to the Client Area.

To do this, enter your account number and password in the fields of the authorization form.

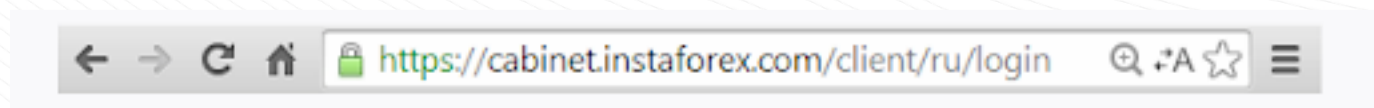

Authorization form

[Restore trader's password](#) [Register](#)

[Log in](#)

NOTE!

Before entering your personal data, pay attention to the browser address bar. The padlock icon  means that you are browsing a secured website and that your data is safe. Beware of fake login forms that scammers can use to gain access to your personal information.

As soon as you log in to the Client Area, you will be able to deposit and withdraw funds from your InstaForex trading account. You will also get access to other additional functions available to clients.
